

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

SURVEY - WUM Algorithms

- Classification is one of most important data mining function that assigns items in a collection to target categories or classes.
- Classification is a supervised learning method and processing and evaluation will depend upon the target.
- The following table shows the research based on classification algorithms
